Helpful guidelines for adding information to TheRestaurantMuseum.com:

Spread items of your family history on a table (newspaper articles, photographs, and other information-separated into categories) and discuss your history with your family. Make a timeline of the beginning of your business to the end. Have it recorded or write it down. Try using photographs to help tell a story. Be as descriptive as you would like to tell the public about the history of your business, but be selective about which photographs you add. It's possible to include information about special events including parties & fundraisers as well as guest appearances by any special people. Please label as many images and documents you have with names and descriptions.
